Winter Weather Tips

Winter weather causes challenges for residents and waste collection crews. Please follow these guidelines to make collection safe, easy, and efficient for all.

Place your blue boxes and carts in a shoveled or carved-out area on your driveway.

Collection crews begin curbside collection at 7 a.m. Please have all items at the curb before 7 a.m. on your service day. Winter weather may require collection routes to change, resulting in earlier pickup times.

During snow events, make sure your blue boxes and items are visible to drivers and safe to access - place all items in a shoveled area on your driveway or on the ground, NOT on snowbanks. Drivers do their best to complete their routes, although there may be delays due to road and weather conditions. Please check with your municipal website for updates during severe weather.

Keep your drivers safe. Collection crews are not permitted to climb snowbanks to retrieve blue boxes or waste bags. Pace items at the end of your shoveled driveway or shovel a shelf for your blue boxes and waste containers.

Follow these tips to keep materials in your blue boxes and not litter the streets:

- Stack the blue bin containing heavier recyclable materials like glass bottles and jars on top of your blue box filled with loose papers/fibers.
- Don't fill your blue box above the rim – fill a second and third box with recyclable materials.
- On really windy days, wait to put your blue boxes out for collection until the following week to prevent litter.
- Blue boxes may blow away when empty, so please take a look around your neighborhood if your blue box is missing on a windy day.

Broken Blue Box – If your box freezes to the ground or the plastic cracks due to the cold, please replace and keep it free from ice to ensure collection.

Write your address on your blue boxes, green bin, and garbage can in permanent marker so they can be returned if blown away during winter weather. This makes it easier for them to be returned.

Thank you for keeping our community clean and drivers safe.

Let's get back to the basics of recycling.

Remember these three rules each time you recycle:

1. Recycle all empty plastic bottles, cans, paper and cardboard.
2. Keep food and liquids out of the recycling.
3. Empty recyclables directly into your cart – NO bagged recyclables.

A helpful guide to keep in mind:

- Please flatten your cardboard and keep it smaller than 36" x 12".
- Rinse your recyclables.
- No masks or gloves.
- Waxed cardboard is not accepted.
- No plastic bags.
- No diapers, or household wipes.
- Styrofoam is not recyclable.
- Any paper items are recyclable but remember to remove personal information prior to recycling.

Your Responsibilities as a PROPERTY OWNER

The Town of Petrolia would like to remind property owners of the following responsibilities that apply to your property and its use:

- Please ensure that your property is generally well-maintained, free of waste/refuse and drained at all times.
- All buildings, structures, landscaping (including tree planting) and any other features must be kept within the boundaries of your property.
- No waste of any kind is to be deposited onto another property.
- No clearing or change of vegetation is allowed on property that is outside your property's boundaries.
- Ensure that no drainage waters are diverted to neighbouring or municipal properties.
- Weeds and grass are to be maintained at a height of 8 inches (20 cm) or less.
- Ensure pool water, surface drainage and grading is maintained on your property and that it does not affect neighbouring properties.
- Ensure pool backwash waters are not discharged to sanitary or storm outlets and that all drainage is maintained within your property's boundaries.
- If you have a swimming pool or plan to install a swimming pool, you must comply with the Municipal Pool By-Law and the pool and fence/enclosure must be maintained in accordance with the By-law.
- Any structure which is 108 square feet (including covered areas) or less does not require a building permit, but the structure must comply with all applicable law, which includes the Petrolia Zoning By-law and the Ontario Building Code. Any structure larger than 108 square feet is subject to building permit issuance.
- Please take notice that if any Municipal By-Law violation(s) is not remedied within the time specified in an issued Order, the Municipality may correct such violation by repair or clearance at the expense of the Owner and without further notice to the Owner - which includes all expenses associated with the administration and enforcement of all Municipal By-Laws.
- The Town of Petrolia thanks all residents for their efforts in keeping the Town an attractive and quality community.

East End Fire Hall
4343 Petrolia Line

The East End Fire Hall was also known as the "Old Boy's Fire Hall" when it was built in 1889 during the early days of the oil boom. The building can boast a colourful history as one the town's three local fire companies in the 1800s. During this time the three fire halls battled to extinguish the local blazes. The first company to reach the fire was paid one dollar, regardless of whether the fire was put out or not. On many occasions the firefighters would duke it out on the street while the fire burnt out. The East End Fire Hall closed as an active fire hall around 1920 and in 1950 was purchased by Robert Fairbank to be renovated into apartments. It was later resold to Sarnia developers in the 1960s that planned to demolish the building. Three years later the Sarnia owners were faced with an ultimatum from the Town of Petrolia - clean up or sell. Mrs. Jolliffe purchased the hall in May 1975 to renovate into a home. The interior has been modified for residential use, while the exterior has been maintained almost exactly the way it was in 1889.

2022 GREEN LEADER PROGRAM Open for Applications

In partnership with Waste Management of Canada and the Town of Petrolia

JANUARY 13, 2022

The Green Leader Program is part of Waste Management and the Town of Petrolia's ongoing efforts to encourage the development of local community engagement and environmental solutions that build sustainable communities. The program is centered around a grant opportunity that is available to applicants living, working, and learning in the Town of Petrolia or benefitting Petrolia and its residents.

Waste Management and the Town of Petrolia are inviting businesses, organizations, and institutions to apply for this funding opportunity. The program is designed to support initiatives that highlight the following sustainability goals:

Environmental Goal:

- The Green Leader program supports organizations and initiatives that preserve and/or enhance natural resources and/or help reduce greenhouse gas emissions.

Community Goal:

- The Green Leader program focuses on local initiatives that support employees, enhance our environment, promote education, and improve the safety and livability of our communities.

Previous Successful Applicants:

2021
The Petrolia Discovery Foundation Inc. - approved for $10,000
The Petrolia and Area Kiwanis Club - approved for $5000

2020
