Let's get back to the basics of recycling.

Remember these three rules each time you recycle:

- 1**

Recycle all empty plastic bottles, cans, paper and cardboard.

2

Keep food and liquids out of the recycling.

3

Empty recyclables directly into your cart - NO bagged recyclables.

A helpful guide to keep in mind:

- Please flatten your cardboard and keep it smaller than 36" x 12".
- Rinse your recyclables.
- No masks or gloves.
- Waxed cardboard is not accepted.
- No plastic bags.
- No diapers, or household wipes.
- Styrofoam is not recyclable.
- Any paper items are recyclable but remember to remove personal information prior to recycling.

In every home there are products that need special care.
You will recognize them by these warning signs.

When you use these hazardous products, you use them carefully. When you don't need them any more, you should dispose of them carefully. That's what Household Hazardous Waste Day is all about - an opportunity to clear potentially hazardous waste out of your home and protect our environment - water, land, and air - at the same time. If hazardous products are thrown in the regular garbage, they can injure sanitation workers and cause long-term environmental problems. Bring your Household Hazardous Waste to the special depot, and it will be dealt with by experts, at no cost to you.

ALSO ACCEPTED: Sharps (Hypodermic Needles)

NOT ACCEPTED: PCB's, commercial, industrial or radioactive wastes, tires, explosives (flares, ammunition), electronics.

PLEASE NOTE: For safety reasons, residents are asked to segregate lithium batteries from all other battery types prior to drop-off.

- With your help we can prevent FOG from clogging the sewer
- Protect your pipes
- Don't let your sewer turn on you and your neighbours
- Never pour FOG down the drain! FOG clogs!

PREVENT FOG (FATS, OIL and GREASE) in our sewers

What is FOG?

FOG (Fats, Oil and Grease) is the most common cause of sewer back-ups. FOG is a by-product of cooking and can be found in butter, margarine, salad dressing, gravies, sauces, lard, shortening, baking goods, meat fats and dairy.

THREE P's

Did you know the sewer system is only designed for the 3 P's?

1. Pee
2. Poo
3. Paper (toilet paper)

ATTENTION: Restaurants, Industry or Commercial premises where food is cooked, processed or prepared: Necessary measures are required to ensure oil and grease are prevented from discharging to a sanitary sewer more than the limits.

What can you do to help?

do:

- collect used grease and cooking oil in a container and dispose of it in the garbage
- wipe out visible fats, oil, grease and food residue from dishes, pots and pans with disposable paper towels
- put solid waste and food scraps in the garbage
- be aware of hidden FOG's in salad dressing, sauces, gravies, cheese and desserts
- use a strainer in the sink to remove excess food debris
- encourage neighbours to keep FOG's out of the sewer system

do not:

- pour oil and grease down the sink, drain or toilet
- scrape food scraps down the sink, drain or toilet
- pour liquid food down the sink, drain or toilet
- run hot water over greasy dishes or pans - the FOG will cool and stick to the inside of the pipes
- use a food waste grinder to get rid of food and grease
- use washable cloths to wipe greasy dishes clean

CAO's Corner—Child Care

Hello everyone! I hope you had a great week. I will speak about Child Care in this article. Safe, accessible, and affordable child care is critical to our society, our social wellbeing, and our economic prosperity. As John F Kennedy said: "Children are the world's most valuable resource and its best hope for the future."

Accessible child care has been a challenge across our country for many years. The federal Budget 2021 included \$30 billion for child care over the next five years. This federal program is called: Canada-Wide Early Learning and Child Care (CWELCC). The Canadian government's two main goals are:

- ♦ reducing fees for regulated child care by 50% on average by the end of 2022 (in speaking to some parents, I believe this has been achieved);
- ♦ and bringing fees for regulated child care down to \$10-a-day on average by the end of March 2026.

The Ontario government has moved quickly to implement this important initiative. Lambton County has received their allotment for an additional 521 spaces to be implemented by 2026. The federal government has addressed the huge child care funding challenge. The next challenges are staff and facilities.

Our Petrolia Council has also moved quickly by waiving the municipal business licence fees for home-based child care operators for the next year. All home-based businesses are required to have a Town of Petrolia Home Occupation Business Licence. Having a Home Occupation Business Licence ensures the applicant's property has been inspected by our Petrolia & North Enniskillen Fire Department, the County of Lambton Building Department and Lambton Public Health, and property has been deemed an appropriate space to operate a home-based business for public access.

"Regulated" or "licensed" child care operators are licensed by the Ministry of Education. The types of child care operators licensed by the Ministry of Education include private sector centre-based, not-for-profit centre-based, and home-based operations. Home-based operations are overseen and contracted by a licensed child care agency. The agencies in our area are Wee Watch and Lambton Rural Child Care. A home-based child care operator can also be unlicensed, but have slightly different capacity guidelines that they must adhere to. Both licensed and unlicensed operators are required to have a Home Occupation Business Licence in the Town of Petrolia.

The County of Lambton, working with Wee Watch, Lambton Rural Child Care and the Town, hosted an information session on licensed home-based child care at our high school on May 16th 2023. The presentation material is posted at our Town website. The County intends to host similar information sessions throughout the County.

As mentioned before, I welcome any feedback including suggestions for topics. Have a great day!

Rick Charlebois, Chief Administrative
Officer/Treasurer—Town of Petrolia
