CAO's Corner- ParticipACTION 2024 – Town of Petrolia

The ParticipACTION Community Challenge is a national physical initiative that encourages everyone in Canada to get active throughout June in search of Canada's Most Active Community.

Kicking off on June 1, 2024 and National Health and Fitness Day, organizations and municipalities will take on the challenge and get their communities moving and more active. Following the end of the challenge on June 30, 2024, 50 finalist communities will be invited to submit an application explaining why they deserve to be Canada's Most Active Community.

After all the finalist applications have been reviewed, one community will earn the top prize of \$100,000 and the title of Canada's Most Active Community. In addition to the grand prize for the national winner, there will also be prizes for the most active community in each province and territory, and prizes for organizations. There will also be weekly prizes for organizations.

Rick Charlebois, Chief Administrative Officer/
Treasurer—Town of Petrolia

Petrolia Individuals

As for individuals, they can help our community by registering on the ParticipACTION website. By registering, you are committing to getting active during the month of June! ParticipACTION will provide tips on how you can get active throughout the month, and you'll also be able to see which other organizations from your community have registered on the ParticipACTION website.

The overall community score considers the number of individuals who register for the challenge, so we strongly encourage organizations to tell their community participants to register on the website. They will then receive a challenge welcome email with tips on how to get active throughout the month of June.

All individual registrations represent one individual. You may register a family member or friend, but they must have their own unique email address and be registered individually.
